

**Repair Request Form:** Please print out and complete this form with your contact information, as well as a brief description of the items you wish to have repaired, and the types of repairs you would like LodgeWood MFG to perform. Include the form in the box with the items to be repaired and send to:

LodgeWood MFG  
4819 E. Case Dr.  
Janesville WI 53546

Please do not send us anything without first contacting us by phone or email first!

Additionally, all arms sent in for repair must be assembled. Locks/barrels etc. can be removed from stocks for ease of shipping, but we reserve the right to refuse any firearm that is sent to us completely dismantled, as the additional time and risk that is required in reassembling and assessing whether or not the gun has missing or damaged components beyond the scope of the work already discussed by LodgeWood Mfg and the customer presents an additional burden of both liability and time.
